About me

Multidisciplinary designer with 1 year of professional experience and a background in Communication Design, currently pursuing an international Master's in Interaction Design. My work spans across graphic, UX/UI, service, digital, and marketing design, allowing me to approach projects from a holistic and adaptable perspective.

Dedicated and proactive professional who is fully committed to every project I undertake, with a strong focus on continuous learning and experimentation. Currently, I am exploring how AI tools can enhance my creative processes and elevate design outcomes.
